

Product Introduction

This smart socket boasts a soft-touch glass design that perfectly matches the material and design style of the existing switches, ensuring a cohesive aesthetic throughout your home. It supports remote on/off control, allowing you to manage the socket power from anywhere via the mobile APP. Additionally, the timer function enables you to set appliance usage schedules for enhanced energy efficiency.

Features

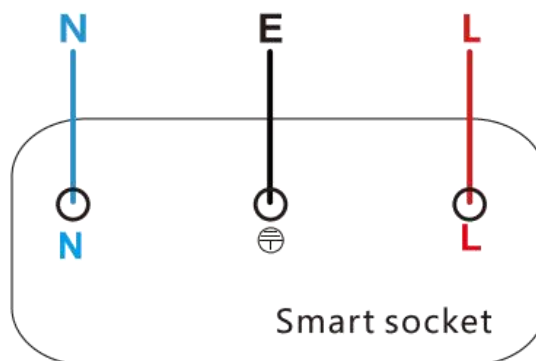

- Soft-touch, fingerprint-resistant AG glass
- Available in 3 colors to match existing switch styles
- Wide voltage design, suitable for a wide range of applications.
- Supports control via Belahome APP and HyPanel

Specification

- Product Model: SM-1023N
- Input Voltage: 100 ~ 250VAC, 50/60Hz
- Communication: ZigBee 3.0
- Maximum Current: 10A
- USB Output: 5V / 2.1A
- Color: White/Black/Gold
- Operating Temperature: -20 ~ 70°C
- Operating Humidity: 0 ~ 95% RH (non-condensing)
- Product Dimensions: 86×86×35mm (National Standard)

Wiring Diagram

Networking method

1. Connect the power cord correctly according to the wiring diagram and power on the device;
2. Press and hold any button for about 10 seconds until the device indicator flashes rapidly, indicating it has entered the pairing mode;
3. Add the device to the network through the gateway device.
